

# 2017 Cortland Counts

*AN ASSESSMENT OF HEALTH AND WELL-BEING  
IN CORTLAND COUNTY*

SEVEN VALLEYS HEALTH COALITION, INC.  
[www.sevenvalleyshealth.org](http://www.sevenvalleyshealth.org)

In cooperation with: Cortland County Health Department,  
Cortland Regional Medical Center, SUNY Cortland Institute  
for Civic Engagement, United Way for Cortland County, Inc.

# Cortland Counts: An Assessment of Health and Well-Being in Cortland County

## OVERVIEW and PURPOSE

Since 2001, five local organizations have collaborated as the Community Assessment Team (CAT) to create **Cortland Counts**, an annual “report card” on the health and well-being of our community. These organizations are Seven Valleys Health Coalition (SVHC), the Cortland County Health Department (CCHD), SUNY Cortland Institute for Civic Engagement, Cortland Regional Medical Center (CRMC), and the United Way for Cortland County.

**Cortland Counts** is an integrated assessment, planning, and evaluation process that recognizes the interdependence of all sectors of the community in influencing quality of life for residents. It gives organizations and individuals in Cortland County a tool to determine local priorities and solutions. The process is also sensitive to local needs, changes in state and national policies, and evidence-based practice guidelines. The 17<sup>th</sup> annual report card includes data for five areas: 1) Health and Safety; 2) Social Cohesion, Culture, and Recreation; 3) Employment, Economy, and Welfare; 4) Housing and Environment; and 5) Positive Development Through the Life Stages.

A 175-page comprehensive report is issued less often, most recently in 2013, and includes extensive objective data for each of the five categories in the annual Report Card. Community opinion and subjective feedback received through surveys and focus groups held with community members and stakeholders are also included. The **two reports** are used by local agencies and organizations for assessment, planning, and grant writing, and to better understand and meet the needs of county residents. The 2017 annual report, the 2013 Comprehensive Report, previous editions of **Cortland Counts**, and updated lists of sources can all be found on the SVHC website at: <http://www.sevenvalleyshealth.org/cortland-counts>

## FORMAT

Statistics from Cortland County are compared to Upstate, State, and National data. “Upstate” NY consists of 57 of 62 counties (New York City counties are excluded). The **Healthy People 2020** goals are noted where available. Developed by the U.S. Department of Health and Human Services, these goals are objectives for improving the health of all Americans.

The current report card includes indicators that reflect the goals of the NYS Department of Health (DOH) Prevention Agenda 2013–2018. The Prevention Agenda establishes five priority areas to improve the health of State residents and reduce health disparities. Cortland County has chosen the following areas as primary focal points for its Community Health Improvement Plan submitted to the NYSDOH: 1) Prevent Chronic Diseases, 2) Promote Healthy Women, Infants, and Children,

and 3) Promote Mental Health and Substance Abuse Treatment. #3 was added as a 3rd priority area for the County in 2017. For information on the Prevention Agenda: [http://www.health.ny.gov/prevention/prevention\\_agenda/2013-2017/index.htm](http://www.health.ny.gov/prevention/prevention_agenda/2013-2017/index.htm)

## THE ASSESSMENT PROCESS

The ongoing community assessment and implementation process includes:

**Annual Report Card:** Issued in the 3rd Quarter of every year;

**Annual Community Forum:** The Community Forum, held in January, features speakers with knowledge and expertise in each of five “track” areas;

**Track Break-out Sessions:** Sessions following the forum are used to update track goals in response to changing community needs. Track meetings continue through the year as needed and track goals are posted on the SVHC website. For each track, an organization, or coalition of organizations, coordinates goal development and implementation:

**Health Track:** SVHC, with CCHD, CRMC, and Family Health Network

**Youth Track:** Coordinated Children’s Services Initiative (CCSI)

**Sustainability Track:** Sustainable Cortland (SUNY Cortland)

**Housing Track:** Access to Independence of Cortland County (ATI)

**Economic Track:** Business Development Corporation/Industrial Development Agency (BDC/IDA)

**Community Participation:** This is a community assessment process, and all local residents are invited to attend the annual forum and track break-out sessions. Together we can chart a healthy, vibrant, and sustainable future for Cortland County;

**Cortland Counts Comprehensive Report** (the “Big” report), published every 4 years

# August 2017 Community Report Card

	c) No Public Health Hazards ‡‡‡	98.80% <sup>7</sup> (2016)		93.9% <sup>7</sup> (2016)			
	d) No Reporting Violations ‡‡‡	58.8% <sup>7</sup> (2016)		69.3% <sup>7</sup> (2016)			
5)	Employed civilian workers age 16+ who use alternate transportation or work from home	24.6% <sup>8</sup> (2011-2015)	22.8% <sup>8</sup> (2011-2015)	46.1% <sup>8</sup> (2011-2015)	14.3% <sup>28</sup> (2013) (calculated value)		
6)	Percentage of population with low-income and low access to a supermarket or large grocery store §	2.5% <sup>1</sup> (2010)	4.2% <sup>1</sup> (2010)	2.5% <sup>1</sup> (2010)			

Indicators of Positive Development through the Life Stages							
1)	High school dropouts	2.8% <sup>4</sup> (2015 – 2016)	2.0% <sup>4</sup> (2015 – 2016)	2.9% <sup>4</sup> (2015 – 2016)			
2)	High school graduates intending to go to college §§	71.5% <sup>34</sup> (2015-2016)	83.9% <sup>34</sup> (2015 – 2016)	78.5% <sup>34</sup> (2015 – 2016)			
3)	Persons In Need of supervision (PINS), ages 7 -17 yrs.	53 (total #) <sup>4</sup> (2016)	N/A	5,134 (total #) <sup>4</sup> (2016)		~	
4)	Children in foster care (ages 0 - 21 yrs.)	4.0/1000 <sup>4</sup> (2014)	2.4/1000 <sup>4</sup> (2014)	3.4/1000 <sup>4</sup> (2014)			

## Report Card Key

Indicates favorable status for Cortland County compared to Upstate, New York State, and/or National data

A closer look is required. Change in percent or rate may be desired

Neither favorable nor unfavorable

Goal is to decrease the number

Goal is to increase the number

**BMI:** Body Mass Index

**BRFSS:** Behavioral Risk Factor Surveillance Survey

**AA:** age-adjusted to the 2000 US standard population

**AS:** age-sex adjusted to the 2000 US standard population

- \* 2012 CDC national data on first trimester prenatal care based on 38 states and the District of Columbia, representing 86% of all US births.
- \*\* Changes in reporting criteria – use caution when comparing to previous years.
- \*\*\* Rate not stable due to small number of cases.
- \*\*\*\* Upstate in this indicator = CNY Region as defined by NYSDOH
- † Report cards before 2015: “Population with fluoride in public water supply”
- †† Report cards before 2012 for ages 20+.
- ††† Rates from 2013 and later should not be compared to previous years due to changes in NYS and BRFSS definitions and data collection methods.
- ‡ Cortland County and Upstate percentages based on school health records for students in selected grades; may not represent all students.
- ‡‡ Caution should be used when comparing data from different sources/years.
- ‡‡‡ Comparisons should not be made to printed 2013 & 2014 and between 2016 & 2017 report cards due to reporting errors. Online reports are corrected.
- § Low access is defined as > 1 mile from a supermarket/grocery store in urban areas or > 10 miles from a supermarket/grocery store in rural areas.
- §§ Due to budget cuts in 2015, the census bureau discontinued ACS 3-year estimates in favor of ACS 5-year estimates. The 2013-2015 Report Cards used ACS 3-year estimates, so comparisons should be made with caution.
- §§§ NY State data not available due to lack of data for NY City.
